

**The Quality Category is much harder this year**, with the elimination of quality measure bonus points. Keep reporting the measures you have been doing, but add some of these to your arsenal to boost your score, stay relevant to your subspecialty, and prepare for the future.

**Key:**

**Make 2021 the last year you do MIPS.** MarsdenAdvisors will setup, train, track, and submit your MIPS reporting each year, saving you and your staff the time and frustration of reporting. Checkout our booth for more information.

Specialty	ID	Name
Cataract	IRIS59	Regaining Vision After Cataract Surgery
Cataract	IRIS55	VA Improvement Following Cataract Surgery and Minimally Invasive Glaucoma Surgery
Cataract	IRIS54	Complications After Cataract Surgery
Cataract	191	Cataracts: 20/40 or Better Visual Acuity within 90 Days Following Cataract Surgery
Cataract	389	Cataract Surgery: Difference Between Planned and Final Refraction
Cat/Glauc	IRIS60	VA Improvement Following Cataract Surgery with Trabeculectomy or an Aqueous Shunt
Cornea	IRIS1	EK – Post-operative improvement in best corrected visual acuity to 20/40 or better
Cornea	IRIS38	EK – Dislocation Requiring Surgical Intervention
Glaucoma	IRIS2	Glaucoma – Intraocular Pressure Reduction
Glaucoma	IRIS43	Intraocular Pressure Reduction Following Laser Trabeculoplasty
Glaucoma	141	POAG: Reduction of Intraocular Pressure (IOP) by 15% OR Documentation of a Plan of Care
Glaucoma	O12	POAG: Optic Nerve Evaluation
Glaucoma	IRIS39	Intraocular Pressure Reduction Following Trabeculectomy or an Aqueous Shunt Procedure
Glaucoma	IRIS44	Visual Field Progression in Glaucoma
Neuro	IRIS56	Adult Diplopia: Improve ocular deviation or absence of diplopia or functional improvement
Neuro	IRIS57	Idiopathic Intracranial Hypertension: Improve mean deviation or stability of mean deviation
Oculofacial	IRIS6	Acquired Involutional Entropion: Normalized lid position after surgical repair

Peds/Strab	IRIS48	Adult Surgical Esotropia: Postoperative alignment
Peds/Strab	IRIS49	Surgical Pediatric Esotropia: Postoperative alignment
Peds/Strab	IRIS50	Amblyopia: Interocular visual acuity
Refractive	IRIS23	Refractive Surgery: Patients with a PO VSC of 20/20 or better within 30 days
Refractive	IRIS24	Refractive Surgery: Patients with a PO correction within +/- 0.5 Diopter (D) of the target
Retina	IRIS13	Diabetic Macular Edema - Loss of Visual Acuity
Retina	IRIS46	Evidence of anatomic closure of MH within 90 days after surgery as documented by OCT
Retina	O19	Diabetic Retinopathy: Communication with the Physician Managing Ongoing Diabetes Care
Retina	117	Diabetes: Eye Exam
Retina	384	Adult Primary Rhegmatogenous RD Surgery: No Return to the OR Within 90 Days of Surgery
Retina	385	Adult Primary Rhegmatogenous RD Surgery: VA Improvement Within 90 Days of Surgery
Retina	IRIS41	Improved visual acuity after epiretinal membrane treatment within 120 days
Retina	IRIS58	Improved VA after Vitrectomy for Complications of Diabetic Retinopathy within 120 Days
Retina	O14	Age-Related Macular Degeneration (AMD): Dilated Macular Examination
Uveitis	IRIS17	Acute Anterior Uveitis: Post-treatment Grade 0 anterior chamber cells
Uveitis	IRIS53	Chronic Anterior Uveitis - Post-treatment visual acuity
Uveitis	IRIS35	Improvement of Macular Edema in Patients with Uveitis
Uveitis	IRIS51	Acute Anterior Uveitis: Post-treatment visual acuity

*Quality measures listed above may have been abbreviated for conciseness, and are property of the measure steward. For more information, visit [qpp.cms.gov](http://qpp.cms.gov).*

## About MarsdenAdvisors

MarsdenAdvisors is a consulting firm that helps providers meet requirements while using EHR to improve efficiency and productivity. Our combined decades experience in clinics and at software vendors equips us with knowledge that is hard to find. For more information [marsdenadvisors.com](http://marsdenadvisors.com)

Notice: Meeting regulatory requirements is a complicated process involving continually changing rules and judgement based on your company's specific situations. MarsdenAdvisors does not guarantee or warrant that regulators and public or private payers will agree with our information and recommendations. Therefore, MarsdenAdvisors shall not be liable to you or any other party to any extent whatsoever for errors in, or omissions from, any such information provided by MarsdenAdvisors, its employees, agents, or representatives.
